

CESCL Training Workshop

This 2-day (16-hour) course is designed for commercial and residential builders, explaining the erosion process and how to obtain and comply with the EPA NPDES storm water permit. The course also describes the key elements of a Storm Water Pollution Prevention Plan (SWPPP) and provides detailed instructions on how to maintain a SWPPP, select, install and maintain storm water Best Management Practices (BMPs). AK-CESCL certification class will give you the tools you need to comply with federal, state, and local storm water requirements.

**The Fairbanks
Pipeline Training Center is offering a free
two-day CESCL Training
Workshop**
